THE GUIDE TO

ALBUMS

ALBUM OPTIONS

We're so excited that you're interested in making a wedding album! All of our albums are made in New Zealand by Queensberry's artisans. Each book is a unique, handcrafted labor of love that will make it possible for you and your families to relive that perfect day again and again.

Queensberry offers the option to design a flushmount (images printed full page or designed with a mat of photo paper), an overlay matted or duo album (a combo of the other two styles). Multiple albums ordered together from the same wedding get 15% off the additional albums, even if the images and design are different.

In this guide you'll find everything you need to know to design a book that looks beautiful in your home and reflects your unique personalities. And should you find yourself with any questions, we're happy to help! Just send an email to kristy@kristymay.com
