ABOUT THE SHOT LIST

Having a shot list for your wedding photography ensures you and your family receive the images you're dreaming of for your big day. It's very important to work out ahead of time which combinations of family members you would like to see in your formals. We will have very limited time during the wedding to take all the images you'd like, so planning things out ahead of time is essential for success. The following Shot List is a general compilation of our experience photographing weddings and the traditional images Brides and Grooms can expect from their photographer. Please review this list and add your own ideas so we can make sure to plan time for them. We're always happy to accommodate special requests!
